

2005 Gold Level Contractor Safety Award The National Railroad Construction & Maintenance Association Safety

Receiving the award for MEC (MECRail) is Manny Ramirez, back row, 4th from the left.

The National Railroad Construction and Maintenance Association selected MEC as recipient of the 2005 Gold Level Contractor Safety Award. The award was presented in the *100 or more employee* category for MEC's maintenance and upgrade work on the Southern California Regional Rail Authority, operator of the 400-mile Metrolink commuter rail system in the LA region. Selection criteria for the award are Safety Program Elements, Workers Compensation Experience Rating, OSHA 300 Log and Roadway Worker Protection Training.
